Mountaineer’s new 290 RLT shown in the Sable decor. It features solid hardwood slide out fascia, deep overhead cabinets and an optional free standing dinette with a leaf extension and sliding table top. Mountaineer cabinet doors are made of solid Hickory, with raised panels and mortise and tenon joints. Plush recliners are standard in every rear lounge and rear kitchen floor plan.
All Mountaineers have abundant counter space with lots of storage! The solid surface counter top features deep sinks with covers, molded backsplash and a high profile faucet. Residential Beauflo linoleum covers the high traffic area leading to the rear lounge and kitchen. Other highlights include a 22" oven with overhead microwave and a large 8 cu ft double door refrigerator.

Standards and Options are subject to change without notice.
The roomy garage accommodates your favorite toys or extra gear. After unloading the toys, the dual Euro recliners and entertainment center turns the garage area into a den!
At Mountaineer, we have designed a patent pending integrated frame and cap design. Not only is it the most aerodynamic front cap, it’s downright beautiful. With our “Max Turn” technology, making a 90 degree turn on the street is no problem. In fact, the Mountaineer has an incredible 79 degree truck to fifth wheel angle. It is the best in the industry. With the introduction of Mountaineer’s “Max Turn”, pulling or backing is no longer a burden.

Max Turn Front Cap Aerodynamics
Mountaineer’s front cap has been completely re-engineered utilizing an aviation style shape dramatically reducing the drag coefficient for maximum fuel economy.
